

Day of Career Exploration Activities in  
**SCIENCE, ENGINEERING,  
& MATHEMATICS**

for girls and female-identifying  
youth in Middle School

## Why EYH?

Are you in GRADES 6, 7 or 8 and thinking about your future? Are you unsure about what careers are out there? Do you like games and puzzles, computers, or working with your hands? Are you interested in nature, the environment, or health? Do you wonder about the stars above you or the earth beneath your feet? Do you enjoy math and science? You are not alone!

Girls, female identifying or non-binary youth in middle school come to Expanding Your Horizons conferences nationwide to learn about the wide range of career options for women in science, engineering and math. Through hands-on workshops and visits to workplaces, they find out what it's like to work in different careers. Student participants have a chance to interact with female, female identifying or non-binary professionals who work in a variety of fields. And they have a chance to meet others who share their interests.

**Saturday, November 2, 2024**  
**10:00 am - 4:30 pm**  
**Union South**  
**1308 Dayton Street**  
**University of Wisconsin-Madison**

For registration information, go to [eyh.wisc.edu](http://eyh.wisc.edu)  
Registration deadline: October 17

You will spend your day at the EXPANDING YOUR HORIZONS conference with a group of girls or female identifying or non-binary youth who share your interests. Your group will have college student leaders, and with your group you will participate in three different career exploration activities.

These active sessions will be led by female, female identifying or non-binary professionals from universities, technical colleges and businesses and will give you a chance to try out some of the skills needed for success in a particular career. You might be able to see how researchers detect cancer cells or learn how web pages are constructed or learn how to design the inside of a building!

You will end the day with an activity where you can experience science in action!

## Schedule

9:30-10:00	Registration, meet your group (Varsity Hall, Union South)
10:00-10:10	Get Geared up for EYH
10:30-11:30	*Career Exploration Activity 1
